II B.SC MATHEMATICS CRISTA

The students of II B.Sc. Maths organized Crista on 03/09/2025, from 09:00 a.m. to 09:30 a.m., on the topic *Forgotten Hero*. The main theme of the Crista focused on highlighting a real hero who is often forgotten in today's generation. The session began with a prayer, followed by a short skit to showing how a seed, grows into something great. The students then explained the six steps of the parallel framework, drawing a comparison between the growth of a tree from a seed and how the ideas of a single person can change the lives of many children and help them grow. Next, a few students discussed the Nobel Peace Prize (2014) and the six-step growth model. The students then acted out the hero's childhood days.

In conclusion, the students revealed the picture and name of the Crista's hero, explaining his vision, deeds, impact, legacy, and how sometimes we forget to remember people who have made a significant impact on our society. Often, we only remember them after their death. The students also compared the life of this man to the growth of a tree, stating, "We always forget to nurture ourselves through nature." Lastly, Dr. A. Suresh Kumar, Dean of Arts, highly appreciated the students' performance, noting their excellent pronunciation, boldness, and clarity in delivering the Crista content. He also conveyed his regards and best wishes to the class counselor, Ms. S. Martina Ingkees, for her efforts.

II BCOM II SEC-CRISTA

The Crista event conducted by the students of II B.Com '2' Section on 16th September 2025, Tuesday, revolved around the inspiring theme of *"Positive Thinking"*. The session highlighted the importance of cultivating a positive mindset in everyday life. Students explored how to nurture positivity, why it plays a crucial role in personal growth, and where it can be applied across various life situations. In addition to this, the students also demonstrated how negative thinking can affect us—leading to stress, self-doubt, and missed opportunities. They presented ways to convert negative thoughts into positive ones, stressing the role of self-awareness, optimism, and practical strategies in reshaping one's outlook. Through expressive words, thoughtful insights, and creative presentations, the students showcased different perspectives on positive thinking, emphasizing its impact on overcoming challenges, enhancing mental well-being, and building resilience. The Crista session created a lively motivating atmosphere, leaving both the participants and the audience encouraged to adopt a constructive outlook in their personal and academic journeys.
