The annual College Cultural Programme, SALVO'26, was successfully organized by the Cultural Committee of Christ College on the 11th and 12th of September 2026. Serving as a vibrant platform for students to showcase their artistic expression, the two-day extravaganza featured a total of 13 diverse events evaluated by 12 distinguished judges.

Day One opened with literary events including Tamil and English Poem Writing and Elocution, alongside Group Singing, Rangoli, Drawings, and an electrifying Western Dance competition.

Day Two followed with thought-provoking Mime and Street Play performances, Solo Singing, Video Documentation, and a breathtaking display of heritage in Traditional Dance.

Following a fierce competition and meticulous score compilation across all events, B.Sc. Computer Science emerged as the proud overall Winner of SALVO'26, securing an impressive fourth consecutive series win, while B.Com. delivered stellar performance to claim the Runner-Up position.

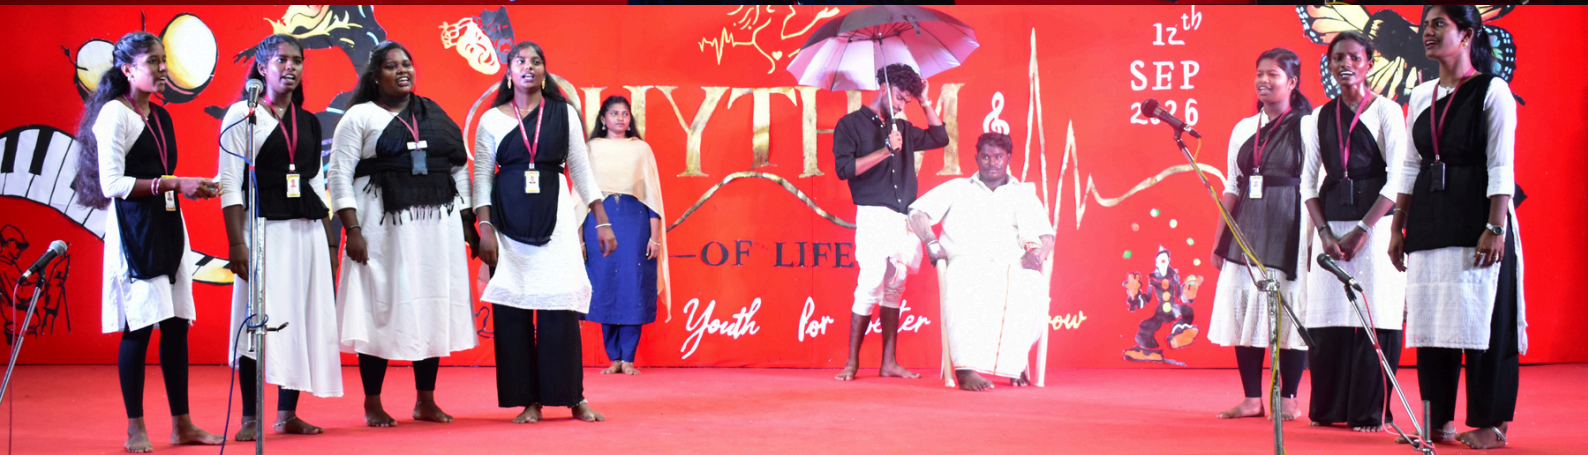

Teachers Day celebrated on 25.09.2026 by the Department of Business Administration to honour our teachers for their commitment towards educating students.

The programme was graced by the presence of the Principal, Rev. Dr. Arulmani Josephraj; and the Vice Principal, Dr. S. Aravindan, along with the Deans and faculty members. Two special guests Mr. Sivakumar, Correspondent, Ms. Josephine, Principal, Jeeva matric HSS and Mr.V. Anandkumar, Head master of Govt HSS, Madhuramangalam were invited to participate in the celebration and mark the significance of the occasion.

Teachers were honoured with gifts and praise; especially, teachers who had worked here for more than ten years were honoured with mementoes.

As part of the celebration, the Department of Business Administration presented gifts to all teaching and non-teaching faculty members as a gesture of appreciation for their dedicated service and contribution to the institution.

Awareness Programme

Promoting Mental Health and Well-Being of Students

Department of Computer Application organized an awareness programme on 08-09-2026 from 10.00 to 11.30 in S8, Science block. All the Final Year students from the department of computer application were attended this programme.

Rev. Fr Pradeep Christopher, M.Sc., M.Phil., Dean of Science was the resource person. He taught about the usage of mobiles in better way and to avoid the Mobiles in important places, like study hall, gatherings, dinner time and so on. And he gave awareness about the Behavior of the students in family and college environment, and public places. Also he gave an instructions on "How to Communicate with Staff Members, How to Collaborate with other students, and Give respect to Superiors, Senior citizens".

Ms. Kaviya, Final year student delivered the welcome address. Mr. Anbarasan, Head Department of computer Application felicitated the resource person with a gift of Book. The programme ended with Feedback session.

Awareness Programme

Dengue Awareness

Christ College organised a Dengue Awareness Programme on 21 September 2026.

The programme highlighted the importance of eliminating mosquito breeding sites, particularly stagnant water in and around residential areas and the college campus. Students were made aware of the need to keep water storage containers covered, dispose of waste properly, and maintain cleanliness in their surroundings. The importance of using mosquito nets and mosquito repellents as protective measures was also emphasised.

The awareness campaign conveyed the message that dengue prevention begins with individual responsibility and collective community participation.

The programme concluded with a call to action for students to practise preventive measures and contribute towards building a dengue-free and healthy community.

Awareness Programme

HIV & AIDS Awareness

Christ College organised an HIV/AIDS Awareness Programme on 29 September 2026.

The programme featured Mr. Rajesh, Social Worker, Government Medical College and Hospital, Tiruvallur, as the resource person. He addressed the students on the importance of HIV prevention, early testing, and awareness of one's health status.

Students were encouraged to become responsible ambassadors of awareness by sharing correct information and promoting a supportive environment within the college and society.

Mr. Rajesh also highlighted the need to support people living with HIV and treat them with dignity, respect, and understanding. He emphasised the importance of overcoming misconceptions, prejudice, and discrimination associated with HIV/AIDS.

It reinforced the understanding that HIV/AIDS awareness involves medical knowledge, empathy, social responsibility, and respect for human dignity.

CASC

Faculty Development Programme

NAAC Preparation Requirements - Academic Audit programme was conducted for the faculties about the requirements of Academic Audit and the importance of maintaining quality academic practices on 25 September 2026 at 2.30 p.m. by IQAC in Conference Hall.

The session was handled by Rev. Dr. Arul Mani J., Principal

CRISTA

III YEAR B.A. ENGLISH

The performance emphasized the importance of proper water management, saving water, planting trees, protecting rivers, respecting farmers, and caring for nature. It also encouraged people to understand one another and work together to find peaceful and sustainable solutions to water-related challenges.

The final scene brought all the characters together with a common hope for a better future. The drama concluded with the meaningful message, "Water is life. Water is hope. Water should unite us, not divide us." Overall, the programme successfully created awareness about water conservation, unity, environmental protection, and our shared responsibility to protect natural resources for future generations.

The Department of English, Christ Arts and Science College, organized a drama titled "One River... Two States... One Future" on 02 September 2026, performed by the students of III B.A. English under the guidance of their Class Counsellor, Fr. Martin Charles. The drama focused on the importance of the Cauvery River and the water-related concerns between Karnataka and Tamil Nadu, highlighting the difficulties faced by farmers and the need for cooperation between the two states.

The drama presented the Cauvery as a source of life that connects people rather than divides them. Through characters such as the River Cauvery, farmers from Karnataka and Tamil Nadu, students, government representatives, a scientist, a judge, Mother Nature, a news reporter, and a child, the students effectively presented different perspectives on water sharing, conservation, and environmental responsibility.

CRISTA

III YEAR B.SC. MATHEMATICS

The students highlighted important qualities such as confidence, discipline, communication, continuous learning, emotional resilience, and adaptability. They also emphasized the importance of skill development, practical knowledge, leadership, financial independence, and women's empowerment in building a successful future.

Through motivational messages, short poems, and audience interaction, the students encouraged everyone to make good use of their final year, learn new skills, value relationships, face challenges positively, and become responsible individuals. The programme concluded with the inspiring message, "This is the last chance, and we will make it count." The faculty appreciated the students for their sincere effort, teamwork, confidence, and meaningful presentation and wished them success in their future.

The students of III B.Sc Mathematics organized a CRISTA programme on 16 September 2026 with the theme "The Last Chance - Before We Step Into the Real World." The 30-minute motivational presentation aimed to remind final-year students about the importance of their remaining college days and encourage them to prepare confidently for the responsibilities and challenges of life after graduation.

The programme beautifully reflected on the journey of college life, including memorable experiences, friendships, the guidance of teachers, and the sacrifices made by parents. The students explained that college life is not only about academic achievements but also about developing character, building relationships, gaining confidence, and learning valuable life lessons. They expressed gratitude to teachers and parents for their continuous guidance, encouragement, and support.

The presentation also focused on the realities of the outside world, such as competition, employment, financial responsibility, rejection, and pressure.

CRISTA

II YEAR B.SC. COMPUTER SCIENCE

The programme portrayed these generational differences in an entertaining and thought-provoking manner. It began with humorous comparisons between the two generations and gradually focused on the challenges and experiences faced by each. Through the performance, the students highlighted the importance of mutual understanding, respect, and unity despite differences in attitudes, preferences, and lifestyles. Throughout the programme, the students showcased their creativity, teamwork, communication skills, and confidence on stage. The performance effectively conveyed the message that every generation has its own unique strengths, values, and perspectives. It emphasized that recognizing, understanding, and respecting these differences can contribute to stronger and more meaningful relationships.

Overall, the performance provided the students with a valuable learning experience while making the CRISTA programme both informative and entertaining. It successfully combined creativity with a meaningful social message, leaving a positive impression on the audience.

The students of II B.Sc. Computer Science – II Section delivered a creative and engaging performance titled “Millennials vs Gen Z” as part of the CRISTA programme. The presentation explored the differences between Millennials and Generation Z across various aspects of life, such as technology, fashion, education, career choices, lifestyle, family relationships, and social media.

ASSOCIATION PROGRAMME

B.SC. MATHEMATICS

Department of Mathematics conducted Association MATH ASSO-2026 organized an association seminar "APPLICATION OF STATISTICS" on 02.09.2026, Timing 10.00 AM to 11.30 AM at F2, Science Block.

The Resource person was Dr.E.JOTHI, currently Working as a Assistant Professor, Department of Mathematics,Bhaktavatchalam Memorial College, Korattur, Chennai - 50. The program started with the prayer session with general prayer by Ms. Nithya Sri III B.SC Mathematics and MC was done by Ms. Rithik Roshini and Ms.Magadaline Shirly of II B.SC Mathematics. Honoring the Chief Guest was done by Dean Science Rev.Fr. Pradeep Christopher.

The Chief Guest introduction was done by Mr. D. Balaji, Head, Department of Mathematics. Felicitation speech was given by Dean Science Rev.Fr. Pradeep Christopher and Vice Principal Dr. S. Aravindhnan. Resource person Dr.E.Jothi gave his presentation on the topic "APPLICATION OF STATISTICS" which was appreciated by the students and it was very simple, clear and informative and also it is very beautifully connected mathematical concepts with real life digital platforms. It was very useful for them.

After completion her presentation Queries and Discussion were made and feedbacks were collected. Finally to show the gratitude towards the entire person who made the Association successfully, vote of thanks was delivered by Ms.Shunmuga Priya III B.SC Mathematics. At last to pay tribute to our motherland National Anthem was sung by Ms. Prashanthini of III B.SC Mathematics.

The Department of English organised an interactive English Association programme titled "From Words to Voices: Bridging the Language Barrier to Confident Voices" on 24 September 2026.

ASSOCIATION PROGRAMME

B.A. ENGLISH

The session aimed to help students overcome their fear of speaking English and develop confidence through practical, learner-centred activities. The programme commenced with student-led contributions, providing opportunities to develop leadership, coordination and public-speaking skills. The session included interactive activities such as Stand If..., One-Word Challenge, Quick Yes/No Challenge, Think-Pair-Speak and Barrier → Bridge. These activities encouraged spontaneous communication, peer interaction and the use of simple, meaningful English. Literary examples, particularly the writing style of R. K. Narayan, reinforced the importance of clarity over complicated vocabulary. Students were also introduced to digital and AI-supported resources for independent language practice.

Students participated enthusiastically, raised practical questions and shared their communication challenges. A student, Thulasi from I B.Com., came forward to deliver a short speech, demonstrating the spirit of participation encouraged by the session. The Head of the Department, Rev. Fr. Martin, appreciated the relevance of the topic, the effective use of the PPT, the interactive approach and the efforts taken to organise the programme. Overall, the programme provided a supportive platform for experiential English learning and encouraged students to view mistakes as part of the learning process. It reinforced the central message that confidence in English develops through consistent practice, simple expression and active participation.

Christ Arts and Science College, Kilachery, organised three health and social welfare initiatives during September 2026 to promote community service and health awareness among students and staff.

A Blood Donation Camp was conducted on 3 September 2026 at the PG Block in collaboration with the Lions Club of Perambakkam, with doctors from Thiruvallur Government Hospital. More than 60 students and 10 staff members voluntarily donated blood, demonstrating their commitment to saving lives and serving society.

An Eye Check-up Camp was organised on 3 September 2026 at the Science Block in collaboration with the Jayasri Kannan Foundation. The programme featured an inaugural address by the Vice-Principal, Mr. C. Aravindhan, followed by an awareness talk on eye donation and eye health by Dr. Vidhya. A total of 176 students and 49 teaching and non-teaching staff members participated. The Tamil Club, Kanitamil Pervai, coordinated the initiative.

CLUB ACTIVITIES

ALL CLUBS

Another Eye Check-up Camp was conducted on 28 September 2026 at the Arts Block in collaboration with the Jayasri Kannan Foundation, with medical support from Dr. Agarwal's Eye Hospital. The NSS and YRC clubs coordinated the programme, which witnessed the participation of 237 students and staff members.

These initiatives were jointly supported by the college's student clubs, including AICUF, NSS, YRC, RRC and the Tamil Club. Overall, the programmes promoted health consciousness, encouraged voluntary service and strengthened the spirit of social responsibility among the college community.

Intercollegiate English Literary Fest 2026

B.A. ENGLISH

The Department of English of Christ Arts and Science College participated in the Intercollegiate English Literary Fest 2026, organised by the Department of English in association with IQAC of S.S.K.V. College of Arts and Science for Women, Kizhambai, Kanchipuram, on 28 and 29 September 2026. The fest, themed “Where Literature Comes Alive!”, provided an excellent platform for students to showcase their literary knowledge, creativity, acting skills and communication abilities.

The students participated in the Live Model, Skit, Soliloquy and Poetry Writing competitions. John D. Rose secured Second Prize in the Live Model competition and Third Prize in the Soliloquy competition. The team also won Second Prize in the Skit competition for their performance titled “The Great Literary Clash.” Regi, Steve Austin and John D. Rose participated in the Poetry Writing competition.

The college achieved the distinction of being the Overall Runner-up in the literary fest. The event enhanced students’ confidence, creativity, teamwork and communication skills while encouraging their interest in literature and cultural activities. Overall, the fest was a memorable and enriching experience that brought recognition to the college and motivated students to participate in future literary events.
